EEP CLUB

AT CAL STATE LA

a welcome letter from the president

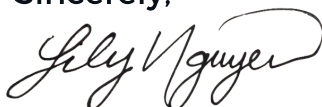

Dear incoming EEPsters,

Welcome to the Early Entrance Program and congratulations on completing the Honors Academy! You have so much to look forward to in your next few years as you continue your academic career. EEP Club is here to help ease your transition into college and help maintain the tight-knit community here at EEP.

EEP Club is a student-centered organization recognized by California State University, Los Angeles as the 2009 Student Club of the Year. It strives to better the lives of students part of the Early Entrance Program and is primarily composed of EEPsters selected by their peers to serve on the board. The organization, essentially the student government for the Early Entrance Program, arranges events, runs a tutoring program, creates a yearbook, and generally attempts to create a “high school”-like environment for the accelerated students of EEP. EEP Club is not only designed to help EEPsters engage in extracurricular activities, but it is also envisioned as a way for EEPsters to connect and build social relationships.

Although membership to EEP Club is not mandatory, it is highly encouraged as to enhance your college experience. I look forward to serving as your EEP Club president for your first year and wish you great success on all your endeavors!

Sincerely,

Lily Nguyen
